DIED BY FIRE. NEW YORK, Dec. 12 .-- Mary Ann Fagan, a victim of the Fifth Avenue hotel fire, died in great agony at Bellevue bospital yesterday.

WHERE IT ORIGINATED. The fire originated, according to the evidence before the fire mar-hal, in the servants room, on the third floor. One of the proprietors says, however, that the origin | son. of the fire is not known. Another of the proprietors says he ordered that the s be given after the discovery of the fire. Both are of the opinion that the poor girls met their death from suffocation.

THE LOSS On the building will be only \$10,000. The furniture was damaged to the extent of

An eye witness says there is no doubt that if the alarm had been sounded on the discovery of the fire the girls would have been rescued. The general impression is that the botel proprietors, in their anxicty to save the furniture and carpets, wanted to put the fire out themselves.

CRUEL PROPRIETORS. The loud, piercing cries of the girls was distinctly heard in the basement below. At this time the fire had made great head way; but, even then, the hotel employees whose attention was directed to the great glare, said: "Oh! it's nothing," and again: "Those girls will scare the guests, if they go on in that way."

WHAT THE PIRE OFFICIALS SAY. Gen. Sholler, a fire official, says the slarm was not given roon enough. Chief Engineer Perly says the location of the fire was first telegraphed to him at eight minutes past eleven. Firemen were on the ground five minutes later. He thinks there was an un secountable delay at the hotel in giving the alarm. The tortuous ways of the interior of the building, prevented firemen from doing very effective service. The foreman of one company says, at first he was refused admittance to the hotel, with the excuse that they did not wish a panic among the guests. He finally insisted upon entering. The fire marshall says, nothing like sufficient caution had been taken to guard against loss of life in event of a fire in the hotel; that he finds no efforts had been made by the people in the hotel to rescue the girls. He thinks the authorities were so concerned about the baggage of guests, that human lives were forgotten. Besides the workmen were looking after baggage instead of attempting to rescue the endangered peopie. An employe says he ineffectually endeavored to tear off screws of windows where the girls were confined.

SIX BODIES Are yet unrecognized. Three of these carnot be identified.

LIKE MUMMIES. Some of the bodies look like mummies, they are so blackened.

AT THE MORGUE. Over twenty-five thousand persons went to the morgue yesterday. The sights there were of the ghastlest character.

The press of the city calls for a thorough investigation. The Herald heads its lead-

A TREE SHOW.

A great deal of indignation was manifested towards the authorities, at their course in sending the corpses of the unfortunates to be stared at in all their horrid disfigurement at the mergue, which is intended only for the reception of the unknown dead. Some charitably disposed citizens propose to give aid to the relatives of the burned.

Mr. Terry of Michigan criticised the Mr. Morrill of Vermont, opposed the bill; as a matter of relief it was a humbur, and as a matter of policy it was extremely vicious.

Mr. Sumner said he hoped the bill would be passed as it came from the bouse.

The bill was opposed, as setting a bad precedent, but the precedent would only be applicable in a similar case, and when such case should occur, be should insist upon its application.

Mr. Carpenter opposed the bill as be opposed the Chicago relief bill, on the ground that it is unconstitutional.

Mr. Logan favored the bill. He de nied that it was a humbug, and said that the passage of the Chigago relief bill, was oue of the strongest inducements to the prompt rebuilding of Chicago. Without action on the bill, the senate

at 4 p.m., went into executive session, and soon after adjourned.
